A Message Regarding Tulips and Flowering Bulbs

Dear Friends and Customers:

It is a pleasure to be sending you our 1947 bulb catalog. This is the second book issued after Holland's liberation. Reports received so far from our Holland office indicate that a good crop may be expected, and we will be able to supply you with top quality bulbs.

Many of the varieties, including Novelty Daffodils, in this catalog have been reduced in price, so that more customers can enjoy the flowers in their gardens and use them in prize-winning exhibitions in local Garden Club shows. Van Bourgondien Bros., as in the past, guarantee their merchandise, giving you better quality and more pleasure than some of the inferior grades you sometimes see advertised.

The confidence you have shown us in the past has been sincerely appreciated, and we feel that something has been left undone if we fail to take this opportunity of thanking you for all favors you have shown us.

The GREAT RED EMPEROR *A Tulip De Luxe*

A glorious scarlet-red Tulip of remarkable size and substance. The petals are 6 inches long and the flower opens in the sun like a tremendous Oriental Poppy disclosing a brilliant black center, bordered with yellow. It blooms about a week or ten days before the May-flowering Tulips and is not too tall. A bed of these would be absolutely startling. Certainly the largest and brightest red Tulip in existence. Height 18 inches.

Jamaica, L. I.,
July 9, 1946.

Dear Sirs:

I am enclosing an order for more of your bulbs. I bought bulbs from you for the first time last fall. To say I was pleased with them is an understatement. I've never had Daffodil bulbs that bloomed like yours did. Just as an example, I planted 6 Lord Wellington Daffodils. The 6 bulbs had 14 flowers and simply enormous ones at that. Everyone who saw them admired their size and beauty.

Some of the bulbs in this order I intend to present as an "ahead-of-time" Christmas gift to a very dear friend.

I would appreciate it if you would mail your catalog to the following two names as I know they intend to buy bulbs this fall.

Bolton, Mass.

Dear Sirs:

I have received the 100 red-cupped Narcissus bulbs also the 12 Red Rocket Tulip bulbs, and every one is a fine, healthy, large bulb. I am very much satisfied with all of them. Am having a great time planting them.

Thanks so much for your fine service.

Sincerely,

MRS. PEARLE HANSCOM.

Dayton, Mont.,

April 2, 1946.

Van Bourgondien Bros.,
Babylon, L. I., New York.

Dear Sir:

Last fall I purchased some Dutch Crocus from you. They were lovely, large bulbs but this spring I have counted ten blossoms from one bulb! Is this unusual or are they just that much better? Some magazine said the Dutch Crocus were not as good as usual. All I can say is this: If the bulbs I got were not up to par for heaven's sake what is par?

I'll be back again this fall. My only wish is that the Hollander who grew my prize Crocus could know how pleased I am with them.

Yours truly,

MRS. THAIN WHITE.

To Van Bourgondien Bros., Inc.

Dear Sirs:

Last fall I ordered from you Hyacinths. They proved themselves to be the most beautiful we have ever enjoyed, and were greatly admired by all our friends and neighbors.

I herewith enclose order and check for more Hyacinths and a few other bulbs, though I have little room for anything more.

Thanking you, I am,

Very sincerely,

MRS. R. W. DE LAMEETER.

Shelbyville, Tenn.,

Van Bourgondien Bros.

Dear Sirs:

Last fall I put out 100 yellow and white Tulip bulbs that came from your place, and I must tell you my joy in them. I had 100 blooms from the 100 bulbs, which I thought a bit unusual for every one to produce such fine flowers. Am sending another order for Tulips and Lilacs. I peruse the other catalogs, but always end by placing my order with you—due to the wonderful bulbs I always get.

Sincerely,

MRS. H. C. ZILFORD, Sr.

Kansas City, Mo.,

February 19, 1946.

Gentlemen:

Last fall I ordered \$35.00 in bulbs from you and I'm simply amazed at the way they are growing. Before I could mulch my beds in January the Tulips were up an inch. Now they are 3 to 4 inches out of the ground and the fattest shoots you ever saw. Now I can hardly wait for the blooming season.

Just received my February issue of the Garden Book and saw your full page ad. Was very pleased to find you also carry a stock of spring bulbs and would like very much to have your new folder on these.

If possible, put me on your mailing list for all folders as they are printed, as I'm always making room for something else in the garden.

Thanking you in advance, one of your most satisfied customers,

Yours truly,

MRS. MILLS.

Winfield, Kans.,
May 5, 1946.

Gentlemen:

I just received my May, 1946, Flower Grower and saw your ad. about Hyacinths. The ones I ordered from you last fall were the grandest things you ever saw this spring when they bloomed. I had put them all in one bed and honestly they were wonderful. The most beautiful colors and such large heads of flowers. People all over town came to see them. I want to order 40 bulbs this year and I am enclosing check to pay for same.

Very truly yours,
MRS. E. W. BURNS.

Milwaukee, Wis.

Gentlemen:

Please send me nice, big, healthy bulbs like you sent me last fall (I guess you haven't any other kind)—the Tulips and Daffodils you sent me were "out of this world", the pride and envy of the entire neighborhood! I positively wouldn't have any bulbs from anyone else—and I'm telling the world about it. So I'm a good advertiser for you in this part of the world.

MISS LOUISE HARRIS.

Marlboro, N. Y.,
Mar. 6, 1947.

I've always been so pleased with your bulbs which I have been buying since 1936 when we bought our place. More luck to you. Nobody has as nice.

MRS. J. E. MILGRAM.

Kent, Wash.,

April 14, 1946.

Recently I sent for a few bulbs which I saw advertised in the Flower Grower and I was very well pleased with the quality of bulbs you sent me and the way they were packed. It is a pleasure to purchase from a firm such as yours.

HARRIET J. GLIDWELL.

Dear Sir:

I received my order of bulbs from you on March 23rd (D. O. No. 2316) in good order. Wish to thank you for the prompt attention to my small order.

Yours truly,
JAMES C. HULL.

Dayton 5, Ohio.

The Hyacinths and Crocus which I ordered from you last year have been beautiful this spring. I'm delighted with them but I need more. May I have a copy of your new fall catalog.

Thank you,
MRS. WARREN W. CUSTIS.

Iron Mountain, Mich.

Our Tulips and Daffodils gave us 7 weeks of gorgeous bloom this spring. Dream and the Rembrandt Tulips were exquisite. Be sure we get a copy of your fall catalog.

ANGELO PALLUCONI.

Gashland, Mo.,

July 5, 1946.

Dear Sirs:

I, too, want to say how beautiful all the bulbs have been that I purchased from you. Have told my neighbors and friends what fine stock they are and one man is ordering \$6.04, another \$3.50, and I am supplying you with some names.

Respectfully,
MRS. C. COLLIVER.

Clay Center, Kans.,

April 8, 1946.

Just a note to say that the bulbs received in this order have made a wonderful display this spring—every one must have bloomed, about 1500. We have a few Tulips which have twin blooms—something unique around here.

J. B. STOLL.

P. S.—I think you must have been very generous in counting out 1000 naturalizing Daffodils, for which I thank you. They are beautiful.

Preemption, Ill.,

Van Bourgondien Bros., Inc.

Enclosed is an order for bulbs. I ordered Daffodils several years ago and I have been delighted each spring since. They were very satisfactory so I'm hoping the bulbs I'm ordering today will be likewise.

Respectfully,
MISS LOU RATHBUN.

"Nodding Beauties" That Grace Every Garden

YELLOW TRUMPET varieties have trumpets which, as a rule, are longer or as long as the perianth segments (petals). They usually have a light or deep yellow perianth with a trumpet of deeper yellow.

BARRI varieties have light or deep yellow perianth segments and an expanded crown instead of a trumpet, which is light or deep with red or orange edge.

INCOMPARABILIS varieties have light or deep yellow segments, a crown of light or deep yellow very similar to a short trumpet.

LEEDSI varieties always have white segments, while the crowns are white or light yellow. They are very dainty.

POETICUS. Snow-white segments, crowns usually heavily rimmed orange or scarlet with a green eye in the center of crown.

POETAZ. Cluster-flowered in white, light or deep yellow. Some varieties have orange or red-rimmed small crowns.

JONQUILS. Usually bear small flowers in small or large clusters on one stem, and usually are sweet scented.

FRITILLARIA IMPERIALIS

(Crown Imperial)

This unique and most attractive flower derives most of its name from the crown-shaped flower, as shown in the illustration. The original species grew wild in English meadows, and the present form is excellent for naturalizing as well as for the garden or border. It blooms in May and June. Children admire the pearly drops of nectar found in the chalice.

For best results, the bulbs should be planted during September.

RED. 75c each; \$8.00 per doz.
